The Honorable Tom Cole
Chairman
Committee on Appropriations
U.S. House of Representatives
Washington, DC 20515

The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Charlotte Douglas International Airport, Aircraft Rescue Firefighting Burn Prop Design project in Fiscal Year 2026.

The entity to receive funding for this project is the Town of Charlotte, located at 500 Dalton Avenue, Charlotte, North Carolina, 28206.

The funding would be used to design a regional training facility that will provide essential training for Aircraft Rescue and Firefighting (ARFF) personnel and improve emergency response readiness.

The project is an appropriate use of taxpayer funds because it will enhance training capabilities, increase regional collaboration, and reduce operational costs related to travel and equipment, all while supporting the critical infrastructure of North Carolina.

This project has a federal nexus because it is for the purposes authorized in 49 USC 47102(3)(D).

I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,

Tim Moore
Member of Congress
