The Honorable Tom Cole
Chairman
Committee on Appropriations
U.S. House of Representatives
Washington, DC 20515

The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the City of Morganton Department of Public Safety's Two Channel Police Radio System Upgrade in Fiscal Year 2027. The entity to receive funding for this project is the City of Morganton Department of Public Safety, located at 304 S. College Street, Morganton, NC 28655.

The funding would be used to upgrade radio and communications infrastructure at the High Peak Mountain and Mountain View Street sites. It would support the installation of radio infrastructure at both locations to create a reliable, two-channel communications system.

The project is an appropriate use of taxpayer funds because it would ensure continuous communication and interoperability among police, fire, public works, and electric department personnel. These upgrades will reduce dependence on the statewide system and enhance operational control during incidents, strengthen citywide communications, and provide stable, dedicated channels for authorized agencies.

The project has a Federal nexus because the funding provided is for purposes described in section 1701(b)(8) of the Omnibus Crime Control and Safe Streets Act of 1968 (34 U.S.C. § 10381(b)(8)).

I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Tim Moore".
