The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Spindale Fire Station Construction project in Fiscal Year 2027.

The entity to receive funding for this project is Town of Spindale, located at 125 Reveley Street, Spindale, North Carolina, 28160.

The funding would be used to construct a new, centrally located fire station on recently acquired property located at the corner of Oakland and Watts Rd. that is approximately 10.28 acres (Rutherford County GIS Parcel #1604489). This facility would replace the current 50+ year-old, landlocked facility.

The project is an appropriate use of taxpayer funds because it will measurably bolster public safety capabilities, operational readiness, and place the Town and its residents in a resilient position for years to come. The new facility will improve response times, safely house all current and future fire apparatus, and support around-the-clock staffing.

This project has a federal nexus because it is for the purposes authorized in Section 306 of the Consolidated Farm and Rural Development Act, 7 U.S. Code section 1926(a).

I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Tim Moore".
